

Legislative Action Alert

The mid-term elections are over. We now turn our attention to the 2011 Legislative Session.

There is nothing like a message from home to gain the attention of an elected official.

You can play a vital role in the success of your Association by being that voice. We need all your voices to develop an effective grassroots retailer program so we can quickly mobilize our Association's legislative network when the need arises.

I am personally acquainted with the following legislators and would be willing to contact them:

Name of legislator

Name of legislator

Name of legislator

Name of legislator

Name _____

Business _____

Phone _____

E-mail _____
